

3RD- 5TH GRADE

# Summer Reading

Below are my selections for summer reading for 3rd-5th grade. This past school year, each grade participated in literature circles and read these books as a class. This coming school year, I am happy to say we are extending the CKLA Amplify curriculum into 3rd-5th grade. However, this may not leave time for these AMAZING books. In an effort to not completely abandon them, I have decided they could be read over the summer instead. Students can expect an assignment to show their comprehension when school resumes in the fall.

Happy reading,  
Mrs. Phelps
